[RUSH] **MESSAGE:** _Please verify how many foreign priorities there are. The b/b sheet only has one. It looks like two on the oath, but its illegible._

Thank you

[XRUSH] **RESPONSE:** _There is only one foreign priority. The existing bibliographic sheet is accurate and does not need changing._
As to the Declaration, the "looks like two on the oath" comment made above is incorrect; the "second" false foreign priority document you think you see on the Declaration is actually the filing date of the single foreign priority, claimed in the Declaration.
